Lots of exciting work taking place in maths this term. Children are using their times tables knowledge to work out fractions and answer word problems. They are also working really hard completing maths challenges where they have to explain their methods and reasons. E.g. Show two different ways to calculate 55 + 99 Which is the best method? Explain your reason.

Thank you to everyone who has donated food items for Harvest Festival. We are holding our assembly on Monday morning and will distribute the food out to those who need it the most. Thank you for your support and
