

PSHE POLICY

September 2026

Hollyfield Primary School

...a place where everyone matters

Version:

Ratified by the Governing Body:

Signed by the Governing Body:

To be reviewed:

September 2026

23 September 2026

September 2026

1. How this Policy was developed?

This policy was written by the PSHE subject co-ordinator and developed in consultation with parents, teachers and other school staff, governors and the pupils at Hollyfield Primary School. We have listened and responded to all views to help strengthen the policy, ensuring that it meets the needs of all of our pupils. It has been approved by the school's governing body.

2. Legal requirements of schools:

It is now a statutory requirement for primary schools to deliver Relationships Education and Health Education, and the Department for Education (DfE) recommends primary schools to deliver Sex Education in years 5 and / or 6, in line with content about conception and birth, which forms part of the national curriculum for science.

Health Education is also statutory in all schools.

We at Hollyfield Primary school acknowledge that under the Education Act 2002 / Academies Act 2010 all schools must provide a balanced and broadly-based curriculum and wish to have a policy that not only covers the statutory content but covers all aspects of our Personal, Social, Health Economic (PSHE) education provision.

3. What Personal, Social, Health and Economic (PSHE) education including Relationships Education, is:

Our PSHE education, including statutory Relationships and Health education, and non-statutory sex education, as recommended by the DfE, provides a framework through which key skills, attributes and knowledge can be developed and applied. This promotes positive behaviour, good mental health and wellbeing, resilience and achievement, helping children to stay safe online, develop healthy and safe relationships, making sense of media messages, challenging extreme views and having the skills and attributes to negotiate and assert themselves now and in the future.

The school's PSHE provision supports the school's aims of developing confident citizens and successful learners who are creative, resourceful and able to identify and solve problems.

The social and emotional development of pupils is embedded throughout the entire school's curriculum and culture. The school has a powerful combination of a planned thematic PSHE program, built around a spiral curriculum of recurring themes, designed to:

1. Give pupils the knowledge and develop the self-esteem, confidence and self-awareness to make informed choices and decisions;
2. Encourage and support the development of social skills and social awareness;
3. Enable pupils to make sense of their own personal and social experiences;
4. Promote responsible attitudes towards the maintenance of good physical and mental health, supported by a safe and healthy lifestyle;

5. Enable effective interpersonal relationships and develop a caring attitude towards others;
6. Encourage a caring attitude towards and responsibility for the environment;
7. Help our pupils understand and manage their feelings, build resilience and be independent, curious problem solvers;
8. Understand how society works and the laws, rights and responsibilities involved.

We know there is a proven link between pupils' health and wellbeing, and their academic progress. Crucial skills and positive attitudes developed through comprehensive Personal, Social, Health and Economic education are critical to ensuring children are effective learners.

4. How PSHE education, including Relationships Education, is provided and who is responsible for this:

At Hollyfield Primary school we use SCARF (Safety, Caring, Achievement, Resilience, Friendship), a comprehensive scheme of work for PSHE and Wellbeing education. An overview of SCARF can be found in [appendix 1](#). It covers all of the DfE's statutory requirements for Relationships Education and Health Education, including non-statutory Sex Education, and the PSHE Association's Programme of Study's recommended learning opportunities, as well as contributing to different subject areas in the National Curriculum.

We follow the six suggested half termly units and adapt the scheme of work where necessary to meet the local circumstances of our school, for example, we may use our local environment as the starting point for aspects of our work. The school council are also consulted as part of our planning, to ensure pupil voice is considered and fed into the planned programme.

Our PSHE subject co-ordinator works in conjunction with teaching staff in each year group and the phase leads (EYFS, KS1 and KS2) and is responsible for ensuring that all staff are equipped with the knowledge, skills and resources to deliver PSHE education confidently. Teachers can access a range of teaching support resources within SCARF, including guidance documents and teacher training films. Any teacher wanting further support should contact the PSHE subject lead in the first instance to discuss their training needs.

Class teachers follow the suggested six half termly units provided by SCARF for each year. Lessons can be a weekly standalone PSHE lesson or be cross curricular. The lesson plans list the specific learning objectives for each lesson and provide support for how to teach the lessons; class teachers and our PSHE lead often discuss this on an informal basis.

We have chosen SCARF as our PSHE resource because the lessons build upon children's prior learning; we have assessed the content and feel that it is relevant and sensitive to the needs of the children. There is planned progression across the SCARF scheme of work, so that children are increasingly and appropriately challenged as they move up through the school. Assessment is completed by the class teacher using the SCARF pre and post assessment activities in KS2 and teacher ongoing assessment in KS1 to demonstrate progression of both skills and knowledge.

5. What is being taught?

The SCARF medium term planning for both Key stage 1 and 2 and the Early Years Foundation Stage can be viewed upon request.

The Early Years Foundation Stage

In the Early Years Foundation Stage, PSHE education is about making connections; it's strongly linked to child-led activities, including play. PSHE is taught through activities that are part of topics, as well as on an individual basis to develop personal skills such as dressing, feeding and toileting. Positive experiences are built through daily opportunities, to share and enjoy a range of different activities. Children are given the opportunity to engage in social activities, as members of a small group or occasionally during whole-school activities.

KS1 and KS2

The SCARF programme divides the year into 6 themed units:

1. Me and My Relationships: includes content on feelings, emotions, conflict resolution and friendships;
2. Valuing Difference: a focus on respectful relationships and British values;
3. Keeping Myself Safe: looking at keeping ourselves healthy and safe
4. Rights and Responsibilities: learning about money, living in the wider world and the environment;
5. Being My Best: developing skills in keeping healthy, developing a growth mindset (resilience), goal-setting and achievement;
6. Growing and Changing: finding out about the human body, the changes that take place from birth to old age and being safe.

Children are encouraged to engage in activities that promote an understanding of themselves as growing and changing individuals, and as members of a wider community, based on their own first-hand experiences. These activities also encourage pupils to understand how their choices and behaviours can affect others. They are encouraged to play and learn alongside – then collaboratively with – their peers. They may use their personal and social skills to develop or extend these activities. Children are also given the opportunity to make choices about their health and environment and are encouraged to develop a caring attitude towards others.

Within National Curriculum Science in Y2, the children learn that animals, including humans, have offspring that grow into adults. They should be introduced to the concepts of reproduction and growth, but not how reproduction occurs. In Y5, children are taught about the life cycles of humans and animals, including reproduction. They also learn about the changes that happen in humans from birth to old age. This includes learning what happens in puberty.

It is important that the transition phase before moving to secondary school supports pupils' ongoing emotional and physical development effectively. The DfE recommends that all primary schools should have a sex education programme, tailored to the age and the physical and emotional maturity of the pupils. Within our non-statutory sex education that takes place in Y6 children will learn about how a baby is conceived, whether through sexual intercourse or IVF. This information builds on content they have previously learnt in the programme about relationships, puberty changes and reproduction; it lays the foundations for their ongoing Relationships and Sex Education in their secondary phase. This lesson is taught by SCARF educators alongside the year group teachers.

6. How PSHE education, including Relationships Education, is taught:

PSHE lessons are taught by their class teacher once a week in their timetabled PSHE lesson, throughout the whole year in their usual classes, in mixed sex groupings, using a range of interactive teaching methods, e.g. activity sheets, films, songs, online games, and drama techniques.

To ensure that children feel comfortable to learn about a range of topics, we create a safe learning environment using a group agreement at the beginning of lessons or topics. This includes a confidentiality agreement understood by adults and children. The teachers will also use a range of skills, including distancing techniques and the anonymous question box. Teachers will answer children's questions factually and honestly in an age-appropriate way and respond to any disclosures following the schools safeguarding procedures / child protection policy which can be found on our school's website.

Support is provided to children experiencing difficulties on a one-to-one basis, via staff. Relevant leaflets are sent to all year groups providing support to parents including websites and book suggestions.

7. How PSHE education is monitored, evaluated and assessed:

We use a variety of methods of monitoring and assessing learning within PSHE at Hollyfield Primary School:

In KS2, for each of the six units we carry out a specially designed pre- and post-unit assessment activity. Conducted twice, first at the beginning of the unit to determine where the children are at; and then again at the end of the unit, enabling us to monitor progress, record key points and identify areas for further development. This allows both teacher and child to see what progress has been made over the course of each half- termly unit of lesson plans.

KS1 progress is monitored by teacher ongoing assessment, discussions with the children and the use of the 'I can' statements. See Appendix 2.

The monitoring of the standards of children's work and of the quality of PSHE education is the responsibility of the PSHE subject lead. The work of the subject lead also involves supporting colleagues in the teaching of PSHE education and being informed about current developments in the subject.

The PSHE education subject lead gives the head teacher and governors an annual summary report in which teaching and learning of the subject is evaluated. Areas for development are also identified. The PSHE education subject lead has specially-allocated regular management time, enabling them to review evidence of the children's work and monitor any assessments made.

8. How the delivery of the content will be made accessible to all pupils:

It is not our school's policy to withdraw pupils with special educational needs from PSHE education to catch up on other national curriculum subjects: these aspects of personal and social development are as important to all pupils as their academic achievement and contribute to it.

Lesson plan content will be adapted and extra support provided where necessary to ensure all pupils are enabled to develop key skills, attributes and knowledge developed through the PSHE education programme. Work in PSHE takes into account the targets set for individual children in their Individual Education Plans (IEPs).

SCARF lesson plans are flexible and allow for teachers, who are skilled in adapting curriculum content to meet the needs of the children in their class, to adjust their content in order to meet the learning outcomes.

Our school ensures that the Relationships and Sex Education (RSE) elements of the PSHE education programme are relevant to all pupils. All pupils learn together about all the changes that someone may experience as they go through puberty to help develop empathy and understanding and to reduce incidences of teasing or stigma. This will also ensure any child that identifies as transgender or is gender questioning, will have access to RSE that is relevant to the puberty they are likely to experience.

Our school acknowledges different ethnic, religious and cultural attitudes, as well as recognising that pupils may come from a variety of family situations and home backgrounds. These different families are acknowledged through our teaching and the use of resources that promote diversity and inclusion in Relationships Education.

Research shows that, on average, about 10% of pupils will go on to define themselves as gay, lesbian, or bi-sexual. It is possible that some pupils will also have LGB parents / carers, brothers or sisters, other family members and / or friends. Our PSHE education acknowledges this through scenarios, in a sensitive, honest and balanced consideration of sexuality. This helps create a safe environment for all pupils and staff. The public sector equality duty, created under the Equality Act, requires schools and other public authorities to eliminate discrimination and to advance equality in its everyday business, in the design of its policies and curriculum. Schools have a legal responsibility for eliminating discrimination; to do this, schools are required to raise pupils' awareness of diversity and promote respectful relationships with those who are different from them.

Please see the school's policies on Behaviour, SEND or Anti-bullying on the school website for further information.

9. Parental concerns and withdrawal of students:

Parents have the right to request that their child be withdrawn from some or all of the non-statutory Sex Education our school teaches but not Relationships or Health Education. They do not have a right to withdraw their children from those aspects of Sex Education that are taught in the statutory National Curriculum Science and Health Education. Our non-statutory sex education is taught in one single lesson in Year 6. Parents are invited to view our resources and discuss any concerns with our staff. The science policy can be viewed upon request.

Before granting a request to withdraw a child/ren, the head teacher will invite the parent to discuss the request with them to ensure that their wishes are understood and to clarify the nature and purpose of the curriculum. The head teacher will discuss with the parent the benefits of receiving this important education and any detrimental effects that withdrawal might have on their child. This could include any social and emotional effects of being excluded, as well as the likelihood of the child hearing their peers' version of what was said in the classes, rather than what was directly said by the teacher (although the detrimental effects may be mitigated if the parent proposes to deliver sex education to their child at home instead). The school is responsible for ensuring that should a child be withdrawn, they receive appropriate, purposeful education during the period of withdrawal.

Parents should be given every opportunity to understand the purpose and content of Relationships Education and Sex Education. Good communication and opportunities for parents to understand and ask questions about our school's approach help increase confidence in the curriculum.

It is statutory for our school to show parents examples of the resources we plan to use. We will provide opportunities for parents to view examples through class / year group meetings either face to face or virtually. Ongoing communication with parents about what is planned to be taught and when, will be provided through termly letters home. We advise parents to view the resources in order to support them in carrying out their responsibilities relating to providing RSE at home. It is valuable for a child's development to learn about its own families' values in regard to relationships and sex alongside the information they receive at school.

10. Dissemination of the Policy

This policy has been made accessible to parents, teachers and other school staff, governors through the school website. Anyone wanting a printed copy or the policy to be provided in another language or format, should make a request to the school office. Should the policy be required in other languages, please contact the school office.

Should further information about PSHE education be required, please contact the PSHE subject co-ordinator.

11. Policy Review and Development Plan

The policy will be reviewed every three years, in consultation with parents, teachers and other school staff, governors and pupils.

This policy should be read in conjunction with the following school policies and procedures:

- Anti-bullying Policy and Flow Chart
- Behaviour Policy
- DfE 'Keeping Children Safe in Education' (2025)
- Safeguarding and Child Protection Policy
- Special Education Needs and Disabilities Policy
- Online Safety Policy

Appendices

Appendix 1 - Long Term Planning

Year/Half-termly unit titles	Me and my Relationships	Valuing Difference	Keeping Safe	Rights and Respect	Being my Best	Growing and Changing
EYFS	What makes me special People close to me Getting help	Similarities & difference Celebrating difference Showing kindness	Keeping my body safe Safe secrets & touches People who help to keep us safe	Looking after things: friends, environment, money	Keeping my body healthy – food, exercise, sleep Growth Mindset	Cycles Life stages Girls & boys – similarities & difference
Y1	Feelings Getting help Classroom rules Special people Being a good friend	Recognising, valuing & celebrating difference Developing respect & accepting others Bullying & getting help	How our feelings can keep us safe – inc. online safety Safe & unsafe touches Medicine Safety Sleep	Taking care of things: Myself My money My environment	Growth Mindset Healthy eating Hygiene & health Cooperation	Getting help Becoming independent My body parts Taking care of self & others
Y2	Bullying & teasing Our school rules about bullying Being a good friend Feelings/self-regulation	Being kind & helping others Celebrating difference People who help us Listening Skills	Safe & unsafe secrets Appropriate touch Medicine safety	Cooperation Self-regulation Online safety Looking after money – saving & spending	Growth Mindset Looking after my body Hygiene & health Exercise & sleep	Life cycles Dealing with loss Being supportive Growing & changing Privacy
Y3	Cooperation Online rules & restrictions Online behaviours Friendship (respectful relationships) Coping with loss	Recognising & respecting diversity Being respectful & tolerant My community Bullying, inc. online	Managing risk Decision-making skills Drugs & their risks Staying safe online Digital literacy	Helping & being helped Looking after the environment Managing money Developing critical thinking	Keeping myself healthy & well Celebrating & developing my skills Developing empathy	Changing bodies & puberty Keeping safe Safe & unsafe secrets Relationships, inc. online
Y4	Healthy relationships Listening to feelings Bullying Assertive skills	Recognising & celebrating difference (inc. religions & cultural difference) Understanding & challenging stereotypes	Managing risk inc. online Understanding the norms of drug use (cigarette & alcohol use) Influences Online safety & behaviours	Making a difference (different ways of helping others or the environment) Media influence & digital literacy Decisions about spending money	Having choices & making decisions about my health Taking care of my environment My skills & interests	Body changes during puberty Managing difficult feelings Relationships inc. marriage
Y5	Feelings Friendship skills, inc. compromise Assertive skills Cooperation Recognising emotional needs	Recognising & celebrating difference, inc. religions & cultural Critical digital awareness Online Bullying & self esteem	Online safety Bullying inc. online Norms around use of legal drugs (tobacco, alcohol) Decision-making skills	My health rights, respect & duties Making a difference Decisions about lending, borrowing & spending Media manipulation Artificial Intelligence	Growing independence & taking ownership Keeping myself healthy Media awareness & safety My community	Managing difficult feelings Managing change How my feelings help keeping safe Getting help
Y6	Assertiveness Cooperation Safe/unsafe touches Positive relationships	Recognising & celebrating difference Recognising & reflecting on prejudice-based bullying Bystander behaviour Gender stereotyping	Understanding emotional needs Staying safe online Digital footprint Drugs: norms & risks (inc. the law)	Understanding media bias Digital critical thinking Caring: communities & the environment Earning & saving money Understanding democracy	Aspirations Managing risk Looking after wellbeing Digital literacy & critical thinking skills	Coping with changes Keeping safe inc. online AI/ deep fakes Body Image Sex education Self-esteem

Appendix 2 - example of the 'I can' statements

Wearing my SCARF: End of Unit Assessment – Y3/P4

Child's name (if completing individually) _____

Unit	Assessment	Emerging	Expected	Exceeding
Me and My Relationships	Cooperation	I can sometimes listen to others in my class and accept that we might disagree about something without falling out about it.	I can usually accept the views of others and understand that we don't always agree with each other.	I can find ways of helping others to resolve arguments or disputes.
	Friendships	I can tell you some things that I do to try to be a good friend. I can also name one way of making up with a friend if we've fallen out.	I can give you lots of ideas about what I do to be a good friend and tell you some different ideas for how I make up with a friend if we've fallen out.	I can give examples of ways that I have tried to help others who've fallen out with each other to get back to being friends.
Valuing Difference	Recognising and respecting diversity	I can give examples of different types of families.	I can give examples of different community groups and what is good about having different groups.	I can explain how different families and communities can experience prejudice and why this can happen (fear, ignorance, media-fuelled etc). I can say some ways that prejudice can be safely challenged.
	Being respectful and tolerant	I understand what tolerance and respect mean and how they can help everyone.	I can talk about examples in our classroom where respect and tolerance have helped to make it a happier, safer place.	I can give examples of when I have helped people to be more respectful and tolerant, by setting a good example.
Keeping Safe	Managing risk	I can give examples of risky situations.	I can say what I could do to make a situation less risky or not risky at all.	I can say why some people might take risks and why others choose to avoid risky situations.
	Drugs and their risks	I can say some of the risks of cigarettes and alcohol.	I can say why medicines can be helpful or harmful.	I can explain why things other than drugs can be helpful and harmful to a person's health, and what can influence a person to take risks.
	Staying safe online	I can tell you something about keeping my personal details safe online. I can say why this is important.	I can tell you a few things about keeping my personal details safe online. I can explain why information I see online might not always be true.	I can give examples of how sometimes people try to find out personal information through online communication and the problems this can lead to.
Rights and Respect	Skills we need to develop as we grow up	I can give an example of a fact and of an opinion.	I can say some ways of checking whether something is a fact or just an opinion.	I can explain some of the ways that people online might try to trick people by presenting 'false facts' and say what I can do to keep myself safe from being tricked.
	Helping and being helped	I can explain that as I get older I start to take more ownership for keeping myself safe and can give an example of this.	I can say how I can help the people who help me, and how I can do this. I can give an example of this.	I can give a few examples of how I've helped people who help me and how I can help myself.
